British Red Cross, Ulster GAA and Volunteer Now are looking for volunteers in the role of a Meet & Greeter to work with us to support the roll-out of the COVID-19 vaccination programme across Northern Ireland. This role is an opportunity to help support our community against a pandemic that is affecting everyone. We are working to support the roll out of mass vaccinations starting January 2021. The number of volunteers requested will vary at times depending on the levels of supply and demand of the vaccine.

In this role you will volunteer at a local vaccination centre, acting as a point of information for large numbers of people attending. Your main role will be to offer support and be a friendly reassuring presence, ensuring that those attending the centre feel supported and cared for. By volunteering you will play a crucial part in transforming our current way of life and returning the world to a safer place.

If you're a return volunteer, welcomed And if this is your first time here **places**
